

**Cable Fault Locator Surge Generator (High Voltage Cable Detection)  
MODEL - SL - 1048, MAKE - SLBT, ORIGIN - INDIA**

### **Product Description**

Inbuilt DC high voltage testing up to 5 kV. Thumping (Surge) up to 5 kV with 750 Joules energy for pinpointing the fault. Inbuilt ICM coupler to connect with Reflectometer T-510(L) for finding distance to the fault.
