

Network Theorem Kit For Educational Purpose MODEL – SL - 1276, MAKE – SLBT, ORIGIN – INDIA

- To study and verify Ohm's Law
- To study and verify Kirchoff's Law (Voltage and Current Laws)
- To study and verify Maximum Power Transform Theorem
- To study and verify Reciprocity Theorem
- To study and verify Super Position Theorem
- To study and verify Norton's Theorem
- To study and verify Thevenin's Theorem
